

# Domain-Registrations

**.de .com .ch .at .nl .uk ...**

A good name is important for the success of your website. As the choice of names is very limited nowadays we don't just register the common .de and .com but every foreign country domain available as well as generic domains such as .info, .biz etc. Most recent information on pricing and requirements for the registrations can be found on our website.

## "generic" top-level domains

- **biz, com, info, name, net, org**  
Price: 25,- € per year
- **jobs**  
Price: 49,- € per year, 119,- € installation fee

## Country top-level domains

- **be, de**  
Price: 25,- € per year
- **es, eu, in, it, nl, tk, uk, us, vg, ws**

# About Webdiscount

Webdiscount has been in business as an internet service provider since 1996. Initially started providing webdesign/programming works, we have continuously grown adding new business fields such as webhosting, dedicated web servers. etc.

With growing customer-base we open a datacenter in Virginia (USA) in 1998. Amsterdam and London are added in 2001/2002 as additional sites to provide webhosting and dedicated servers.

Interxion datacenter in Frankfurt has been added in 2003 (DE-CIX location) and Redbus in 2004. All datacenters have been interconnected with our own fiber capacities since 2005 and are seamlessly integrated into our network. With strategic partnerships to DSL carriers in Germany and abroad, we can offer aDSL/sDSL leased-lines and VPN networks nationwide and in a number of European countries.
